### Review Game "Human Board Game"

**Materials:**  
Paper  
Cards labeled 1, 2, and 3

**Instructions:**  
Tape 15 pieces of paper on the ground an age-appropriate distance apart. You can use different colors of construction paper if desired. Have three cards in your hand, labeled one through three. Divide the children into teams and pick a child from each team to be their team's "game piece." Have the children who are playing as the game pieces stand at the beginning of the board. Ask questions, alternating between teams. When a child answers a question correctly, he gets to pick one of the numbered cards in your hand to determine how far his team will advance on the game board. The first team to reach the end or the team that is farthest when time or questions run out wins.

**Variation:**  
When a one is drawn have children of that team shout hurray! When a two is drawn have them spin around twice. When a three is drawn have them jump three times.

### Preschool Review Game "One Step at a Time"

Have the children line up on one side of the room while you stand about eight steps away from them. When a child answers a question correctly, all the children get to take one step forward. Repeat until the children reach you.
