Review Game

"Lighten the Load"

Materials:

Box, basket, or bag for each team

Six items for each basket

Instructions:

Divide the children into teams. Have a box, basket, or bag representing a ship for each team. Place the "ships" at the front of the room. Put six objects such as small books, rocks, or toys into each "ship". Remind the children that the sailors in the story threw cargo overboard to lighten the ship during the storm. Ask questions, alternating between the teams. Each time a child answers correctly, let him come up and remove an object from his team's "ship." The team with the lightest load at the end of the game wins.

Preschool Review Game

"Lighten the Load Junior"

Play the game as described above but do not divide into teams or decide a winner. If possible, repeat so all children have a chance to answer a question and remove an object.
