

Virtual Good News Club

Three Options for Using Good News Club Material

1. Mondays or Saturdays may be good options for a virtual Good News Club as there are no online classes for most children.
2. Using Flashcards may help with your online teaching because sometimes you will encounter technical glitches that prevent you from sharing a powerpoint presentation with the children.
3. Choose which platform for your club (Zoom; Webex; Google Meet, etc).
4. You will need a Tech person or someone willing to learn the application on your team so that they can monitor the children while you are teaching.

Send Permission Form to Parents through email or hand it to them directly
